

Part number: RT400P

# WetRag

## APPLICATION:

WetRag is a reusable heat blocking putty that keeps piping and sensitive components cooler than traditional wet rag applications during brazing, soldering or welding. It is made from the same materials found in the heat shield of the space shuttle. Simply apply, remove, and reuse.

## COMPETITIVE POINTS OF DIFFERENCE:

- Protects surfaces, valves, and other sensitive parts from heat damage
- Blocks direct and conductive heat transfer
- No mess formula
- Use with Map/Pro, Oxy/Acetylene, Mig, Tig, Arc, and propane torches

## FRIDGEY FACTS:

1. Withstands temperatures greater than 1100°C.
2. Reusable up to 40 times and if the product becomes dry, moisten with a small amount of water.
3. When the green color changes it is time to replace the product.
4. Only the air inside the tubing will heat up, and use low heat and flow nitrogen for added protection.
5. Products of combustion or direct contact with flame are non-toxic.
6. Kosher certified.
