

Infosafe No™ 5GF9V	Issue Date : September 2020	Status : ISSUED
--------------------	-----------------------------	-----------------

Product Name **element.ac PAG 46 Oil**

Not classified as hazardous

1. Identification

GHS Product Identifier	element.ac PAG 46 Oil
Product Code	EPAG46
Product Type	PAG 46 oil (Polyalkylene glycol), 250ml
Company Name	SuperCool Asia Pacific Pty Ltd (ABN 71 011 044 385)
Address	14 Motorway Circuit Ormeau QLD AUSTRALIA
Telephone/Fax Number	Tel: (07) 5549-4000 Fax: (07) 5549-4044
Emergency phone number	1800 628 133 (24/7)

2. Hazard Identification

GHS classification of the substance/mixture	Not classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) including Work, Health and Safety Regulations, Australia. Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)
Precautionary statement – General	Keep out of reach of children.

3. Composition/information on ingredients

<u>Ingredients</u>	<u>Name</u>	<u>CAS</u>	<u>Proportion</u>
	All ingredients are classified as non-hazardous at the concentrations used according to the criteria of Safe Work Australia	Not applicable	

4. First-aid measures

First Aid Measures	If poisoning occurs contact a doctor or Poisons Information Centre Phone Australia 131126, New Zealand 0800 764 766.
Inhalation	If inhaled, remove to fresh air. If not breathing, apply artificial respiration. If breathing is difficult, give oxygen. Get medical attention immediately.
Ingestion	Drink 1 or 2 glasses of water or milk. Do NOT induce vomiting. If vomiting occurs, keep airway clear. Seek medical attention.
Skin	If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. Wash skin with soap and water upon contact. If swelling, redness, blistering or irritation occurs seek medical attention. Wash clothing before reuse.
Eye contact	In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes while holding eyelids open. In all cases of eye contamination it is a sensible precaution to seek medical attention.
Advice to Doctor	Treat symptomatically. Show this SDS to the medical practitioner.

5. Fire-fighting measures

Fire Fighting Measures	Fire fighters to wear full body protective clothing with breathing apparatus. Deluge surrounding containers with water to keep them cool until fire is extinguished. Evacuate immediately and move upwind of fire if there are signs of container discolouration or sounds of pressure building.
Suitable extinguishing media	If material is involved in a fire use foam, dry powder, carbon dioxide or water fog

Infosafe No™ 5GF9V	Issue Date : September 2020	Status : ISSUED
--------------------	-----------------------------	-----------------

Product Name **element.ac PAG 46 Oil**

Not classified as hazardous

Unsuitable Extinguishing Media	If material is involved in a fire do not use water jet.
Hazards from Combustion Products	If involved in a fire will generate toxic gases such as carbon oxides, hydrocarbons etc.
Special Protective Equipment for fire fighters	Fire fighters to wear self-contained breathing apparatus and suitable protective clothing if risk of exposure to vapour or products of combustion.

6. Accidental release measures

Emergency Procedures	Wear appropriate personal protective equipment when containing and cleaning up spills.
Spills & Disposal	Avoid concentrated spillage from entering drains or watercourse. Remove for disposal in accordance with local waste management. Use suitable containers for disposal.
Clean-up Methods - Small Spillages	Wear protective equipment to prevent skin and eye contamination. Soak up residue with an absorbent (such as clay, sand or other suitable material). Allow absorbent to dry and place in non-leaking container, sealed tightly for proper disposal.
Clean-up Methods - Large Spillages	Prevent further leakage or spillage if safe to do so. Slippery when spilt. Avoid accidents, clean up immediately. Wear protective equipment to prevent skin and eye contamination and the inhalation of vapours. Work up wind or increase ventilation. Contain - prevent run off into drains and waterways. Use vacuum truck or pump to storage/salvage vessels. If contamination of sewers or waterways has occurred advise local emergency services.
Environmental Precautions	Do not discharge into drains and surface waters. Review local regulations before release to the environment.

7. Handling and storage

Precautions for Safe Handling	Equip work area with eye wash facility and safety shower. Avoid contact with eyes, skin and clothing. Avoid breathing vapours, fumes or mists. Wash hands and face thoroughly after handling.
Conditions for safe storage, including any incompatibilities	Store in a cool, dry, well-ventilated place and out of direct sunlight and away from heat, sparks and flame. Do not store in open or unlabelled containers. Keep away from open flames and high temperatures.

8. Exposure controls/personal protection

Occupational exposure limit values	No value assigned for this specific material by Safe Work Australia or Department of Labour New Zealand.
Biological Limit Values	As per the 'National Model Regulations for the Control of Workplace Hazardous Substances (Safe Work Australia)' the ingredients in this material do not have a Biological Limit Allocated.
Appropriate engineering controls	Ventilation may be required where vapours or mists are generated.
Respiratory Protection	Not required
Personal Protective Equipment	OVERALLS, SAFETY SHOES, SAFETY GLASSES, GLOVES. When handling individual retail packs no personal protection equipment is required. When handling bulk wear overalls, safety glasses and impervious gloves. Available information suggests that gloves made from nitrile rubber should be suitable for intermittent contact. However, due to variations in glove construction and local conditions, the user should make a final assessment.
Hygiene Measures	Keep away from food, drink and animal feeding stuffs. When using do not eat, drink or smoke. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storing or re-using. Avoid eye contact and repeated or prolonged skin contact. Ensure that eyewash stations and safety showers are close to the workstation location.

Infosafe No™ 5GF9V	Issue Date : September 2020	Status : ISSUED
--------------------	-----------------------------	-----------------

Product Name **element.ac PAG 46 Oil**

Not classified as hazardous

9. Physical and chemical properties

Form	Liquid
Appearance	Colourless or light yellow, transparent liquid
Specific Gravity	0.99 - 1.00
Pour Point	<-50C
Flash Point	> 200C
Flammability	Non flammable
Kinematic Viscosity	41.4 - 50.6 mm ² /s (40C), 10 - 12 mm ² /s (100C)

10. Stability and reactivity

Chemical Stability	This material is stable under normal conditions of storage and use.
Conditions to Avoid	Flame
Incompatible Materials	Strong oxidising agents
Hazardous Decomposition Products	Carbon oxides, hydrocarbons etc.
Hazardous Polymerization	Will not occur

11. Toxicological Information

Toxicology Information	This material has been classified as non-hazardous.
Ingestion	This material has been classified as non-hazardous.
Inhalation	This material has been classified as non-hazardous.
Skin	This material has been classified as non-hazardous.
Eye	This material has been classified as non-hazardous.

12. Ecological information

Ecotoxicity	This material has been classified as non-hazardous.
Persistence and degradability	No information available

13. Disposal considerations

Disposal Considerations	Remove for disposal in accordance with local waste management regulations. Incinerate under controlled conditions in accordance with federal, state and local regulations. Any disposal practice must be in compliance with local and national regulations.
--------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

14. Transport information

Transport Information	Not classified as a Dangerous Good according to the Australian Code for the Transport of Dangerous Goods by Road and Rail or NZS 5433:1999 Transport of Dangerous Goods on Land. Transport in original container if possible, or metal bucket or flexitank.
Other Information	MARINE TRANSPORT Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea. AIR TRANSPORT Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

15. Regulatory information

Infosafe No™ 5GF9V	Issue Date : September 2020	Status : ISSUED
--------------------	-----------------------------	-----------------

Product Name **element.ac PAG 46 Oil**

Not classified as hazardous

Poisons Schedule Not Scheduled
AICS (Australia) All ingredients listed

16. Other Information

Literature References Preparation of Safety Data Sheets for Hazardous Chemicals Code of Practice. Standard for the Uniform Scheduling of Medicines and Poisons. Australian Code for the Transport of Dangerous Goods by Road & Rail. Globally Harmonised System of classification and labelling of chemicals. Raw material supplier SDS.

Other Information SDS version: 1
 Reason for revision: first issue

DO NOT MIX WITH OTHER CHEMICALS WITHOUT PRIOR CONSULTATION WITH THE MANUFACTURER. Always use product as directed. Never return any unused material to original drum. Safety Data Sheets are updated frequently. Please ensure that you have a current copy. This SDS summarises at the date of issue our best knowledge of the health and safety hazard information of the product, and in particular how to safely handle and use the product in the workplace. Since SuperCool Asia Pacific Pty Ltd cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, review this SDS in the context of how the user intends to handle and use the product in the workplace. If clarification or further information is needed to ensure that an appropriate assessment can be made, the user should contact this company. Our responsibility for product as sold is subject to our standard terms and conditions, a copy of which is sent to our customers and is also available upon request.
