

# VIPER CONDENSER CLEANER

Universal coil cleaner & degreaser (condensers & evaporators)

VENOM  
PACK™

## PRODUCT OVERVIEW

Think of Viper Condenser Cleaner as up to 34 litres of Viper Heavy Duty crammed into a tough, space-saving and easily portable soft pack for ultimate convenience, with the added benefit of a no-mess easy pour cap.

A high-foaming pure concentrate blend of specialty detergents liquifies heavily embedded grease and grime to restore heat transfer efficiency of a coil or heat exchanger. It's also non-flammable, contains no hazardous ingredients, produces no toxic fumes, is non-irritating, pH neutral, biodegradable and food industry compliant (NSF certified).

## USED WHERE

HVACR condensers, HVACR evaporators, radiators, intercoolers, EV thermal management heat exchangers, drivetrain hardware and components, engine bays AHU rooms, cold rooms and refrigerated trailers.

See *Where to Use* on pages 31-34.

## USED HOW

## FAST FACTS

- Effectively destroys heavy organic or synthetic contaminants such as mould, petroleum-based grease, dirt and natural fats
- Compared with an alkaline product such as Viper Brite (RT300G) or Viper Brightener Cleaner (RT310V), Viper Condenser Cleaner will not lift oxidation and hard carbon deposits
- Minimal clean-up: Evaporators need no rinsing and just a light water rinse is required for other coils and heat exchangers
- Doubles as a brilliant cold room / AHU room / refrigerated trailer cleaner and degreaser
- Safe to use on all surfaces, plastics and rubbers

Makes up  
to 34 litres

Part number: RT330V

Cost-effective  
pure concentrate

Compact, durable  
soft pack

Easy to carry,  
simple to store

No-mess  
pour

Technician  
SAFE

Certified  
FOOD PROCESSING AREAS

**Certified**  
NSF, EPA, Kosher,  
biodegradable and  
eco-friendly

**Food Safe**  
Approved for use in all  
food processing areas

**No Odours**  
Does not contain any  
added fragrances or  
produce toxic fumes

**Large Equipment**  
Super concentrated for  
large and multi-unit  
equipment

**Micro-channel**  
OEM approved for  
aluminium and micro-  
channel coils

**All types of heat  
exchangers**  
Evaporators, condensers,  
radiators, intercoolers, oil coolers
